PROFILE

I'm a Mechanical Engineer who wants to shift my career into IT Field as a Junior Front-End Developer with a passion for web designs & web application. I've built few projects by myself and i am looking for a role where i could learn and grow from other experienced team members. I love being a part of building web applications.

PERSONAL PROJECTS

1.Banking App
Technologies Used : **HTML** , **CSS** , **BS** , **JS**.
This is an End to End Real Time Money Transfer & Money Tracking App. We can Transfer Money, Ask for Loan with some conditions & Track them respectively with different user id's.

2.Escape The Snakes
Technologies Used : **HTML** , **CSS** , **BS** , **JS**.
This is a game of Escaping the Snake Tiles by Rolling the Dice.

3.Instagram Clone
Technologies Used : **HTML** , **CSS** , **BS** , **JS**.
This is a clone of Instagram App, where we can put random Posts & Stories from random User id's.

(All of My Projects Files were Uploaded in my GitHub)
